Dear Mr. Johnston:

We received your letter of September 28, 1982, with attached materials, requesting EPA review of this package for adequacy as a RCRA Part B permit application under Federal permit requirements.

This letter is to inform you that your submittal is currently being reviewed by Carrie Adams, of my staff, who will contact you when her review is complete. This should be around the first week of November. In the meantime if you wish to discuss this or any other questions you may have regarding hazardous waste management at your facility, Ms. Adams may be reached at (206) 442-2806.

Sincerely,

George C. Hofer, Chief
RCRA Compliance and Permits Section
